Inventix Medical Policy

1. Purpose

The Inventix Medical Policy outlines the guidelines and procedures for maintaining employee health, ensuring workplace safety, and providing medical support. This policy applies to all employees, contractors, and visitors at Inventix facilities.

2. Health and Safety Standards

2.1 General Health Guidelines

Employees must report any contagious illnesses to their supervisor or the Human Resources (HR) Department immediately to prevent workplace spread.

Regular handwashing, use of hand sanitizers, and adherence to hygiene protocols are mandatory.

Face masks may be required in certain situations, such as during public health advisories or in high-risk areas, as directed by management.

2.2 Workplace Safety

All employees must comply with Occupational Safety and Health Administration (OSHA) regulations and company-specific safety protocols.

Report any workplace injuries, accidents, or health hazards to HR or the Safety Officer within 24 hours.

First aid kits are available at designated locations across all Inventix facilities. Emergency contact numbers are posted prominently.

3. Medical Examinations

3.1 Pre-Employment Screening

Certain roles may require a pre-employment medical examination to ensure fitness for duty, particularly for positions involving physical labor or hazardous materials.

Screenings may include vision tests, hearing tests, or drug tests, as applicable.

3.2 Periodic Health Checks

Employees in high-risk roles (e.g., those handling chemicals or heavy machinery) must undergo annual health screenings provided by Inventix.

Participation in these screenings is mandatory and scheduled during work hours at no cost to the employee.

4. Medical Leave

4.1 Sick Leave

Full-time employees are entitled to 10 paid sick days per year, accrued monthly. Unused sick leave does not carry over to the next year.

Notify your supervisor as soon as possible (preferably within 2 hours of your shift start) if you are unable to work due to illness.

A doctor’s note may be required for absences exceeding 3 consecutive days.

4.2 Medical Leave of Absence

Employees may request a medical leave of absence for serious health conditions under the Family and Medical Leave Act (FMLA) or equivalent state laws, if eligible.

Submit a written request to HR, accompanied by medical documentation, at least 30 days in advance for planned medical procedures or as soon as practicable for emergencies.

Medical leave may be unpaid, but employees can use accrued paid time off (PTO) or sick leave to cover part of the absence.

5. Health Insurance and Benefits

Inventix provides comprehensive health insurance to eligible employees, including medical, dental, and vision coverage, effective after 30 days of employment.

Employees can enroll in the health plan during the annual open enrollment period or within 30 days of a qualifying life event (e.g., marriage, birth of a child).

For details on coverage, co-pays, or premiums, contact HR or refer to the Employee Benefits Guide.

6. Emergency Medical Procedures

In case of a medical emergency, call 911 immediately and notify the on-site Safety Officer or HR.

Automated External Defibrillators (AEDs) are available at all Inventix facilities. Trained personnel are designated to use them.

Employees must familiarize themselves with the location of emergency exits, first aid stations, and AEDs during onboarding.

7. Vaccinations and Immunizations

Inventix may require certain vaccinations (e.g., flu shots, COVID-19 vaccines) for employees, depending on public health guidelines or job requirements.

Vaccination clinics may be offered on-site at no cost. Employees will be notified in advance.

Employees may request medical or religious exemptions, subject to HR approval and supporting documentation.

8. Mental Health Support

Inventix recognizes the importance of mental health and offers an Employee Assistance Program (EAP) providing confidential counseling services for issues such as stress, anxiety, or personal challenges.

Contact HR for EAP access details or to request accommodations for mental health conditions.

Managers are trained to recognize signs of distress and provide support or referrals as needed.

9. Drug and Alcohol Policy

Inventix maintains a drug-free workplace. The use, possession, or distribution of illegal drugs or alcohol during work hours or on company premises is prohibited.

Prescription medications must be used as directed and stored securely. Inform HR if a prescribed medication may affect your ability to perform your duties safely.

Random drug testing may be conducted for employees in safety-sensitive roles, in compliance with applicable laws.

10. Compliance and Reporting

Employees must comply with all federal, state, and local health regulations, as well as this policy.

Report any violations of this policy, such as unsafe practices or failure to report illnesses, to HR or the Safety Officer confidentially.

Retaliation against employees who report concerns in good faith is strictly prohibited.

11. Contact Information

For questions, medical emergencies, or policy clarifications, contact:

Human Resources: hr@inventix.com | (555) 123-4567

Safety Officer: safety@inventix.com | (555) 987-6543

Office Address: 123 Innovation Drive, Suite 100, Tech City, TX 75001

12. Acknowledgment

By signing below, you acknowledge that you have received, read, and agree to comply with the Inventix Medical Policy. This policy may be updated, and changes will be communicated promptly.
